Ian came running, holding his face in his hand. "Do you know where I can find some band aids? Have you got one?" Ian asked, sounding totally shaken, or otherwise excited about something.

"What happened?" Will asked, not helping but thinking there's a story behind the nick on Ian's face and thinking it might be interesting.

"Bowie. I was shaving in front of the mirror, and he came to me, and he started TALKING to me, and I jumped startled, so erm, I cut my face... Oh, Will, he's so gorgeous!"

Will laughs.

"It took an injury to make you laugh, didn't it? Well, at least I made you laugh." Ian grins at Will, with a sense of accomplishment.
